GLOBALG.A.P.: AGRICULTURE CERTIFICATION FOR ALL AREAS

GLOBALG.A.P is a globally-recognized certification program that began as EUREPGAP in 1997 to help the supermarkets in Europe address consumer concerns about the safety of agricultural practices and products. GLOBALG.A.P. is the world's leading farm assurance program, with over 100 countries following the requirements of Good Agricultural Practices (G.A.P.). It focuses on globally accepted criteria for food safety, sustainable production methods, worker and animal welfare, and the responsible use of resources such as water, compound feed, and plant propagation materials.

There is a wide variety of certification options available through GLOBALG.A.P., depending on the size and scope of the business. Some of these options can even be customized to the specific needs of customers.
